VOTING FAQs

Who is soliciting my proxy?

Our Board is soliciting the proxy accompanying this Proxy Statement. We will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy, and any additional information we furnish to our stockholders. We may solicit proxies through the mail, or our directors, executive officers, and other employees may solicit proxies in person or by telephone. We will not pay any additional compensation to our directors, executive officers, or other employees for their services with regard to proxy solicitation. We will also request brokers, banks, and other holders of record to forward proxy materials, at our expense, to the beneficial owners of our shares.

Who can vote?

Our Board has fixed the record date for the determination of stockholders entitled to notice of, and to vote at, our Annual Meeting as the close of business on March 26, 2018 (the "Record Date"). As of the Record Date, there were 42,745,937 shares of our common stock outstanding and entitled to vote. Each share of our common stock is entitled to one vote on each of the matters to be voted on at the Annual Meeting.

How do I vote?

If you are a stockholder of record, you may vote as follows:

- *By Internet:* You may vote via the Internet, by following the instructions on your proxy card. The proxyholders appointed by the Board will vote your shares in accordance with your instructions.
- *By mail:* You may vote by mail by marking, dating and signing your proxy card and returning it in the pre-paid envelope provided. The proxyholders appointed by the Board will vote your shares in accordance with your instructions.
- *In person at the Annual Meeting:* You may vote in person by ballot at the Annual Meeting. Please note that even if you plan to attend the Annual Meeting, we encourage you to submit a proxy in advance to ensure your shares are represented.

If you hold your shares beneficially in "street name," through a broker, bank, or other holder of record, you may vote by following the instructions provided with the proxy materials. Stockholders who hold their shares in street name may vote in person at the Annual Meeting only if they provide a legal proxy, executed in their favor, from the holder of record of their shares, as described below in the subsection entitled Attendance.

Can I revoke my proxy?

If you are a stockholder of record, you may revoke your proxy at any time before the vote at our Annual Meeting by submitting written notice as described above under Contacting the Company, by delivering a proxy bearing a later date prior to the Annual Meeting or by attending the Annual Meeting and voting in person. If you hold your shares in street name, you must follow the instructions provided by your broker, bank, or other nominee to revoke your proxy.

How many votes must be present to hold the Annual Meeting?

The presence of the holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions, withhold votes, and "broker non-votes" are counted as present and entitled to vote for the purpose of determining whether a quorum is present. A "broker non-vote" occurs when a broker, bank or other holder of record, holding shares for a beneficial owner, does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Brokers may not vote on behalf of their clients with respect to the election of directors (Proposal One) if their clients do not provide voting instructions. Brokers have discretionary voting power with respect to Proposal Two.

What is the required vote for each proposal?

Proposal One (Election of Directors): Our By-Laws, as amended (the "By-Laws"), provide for a plurality voting standard for the election of directors, under which the director nominees receiving the greatest number of "for" votes are elected. Therefore, the five Class B director nominees receiving the most votes in favor of his election will be elected as Class B directors. Withheld votes and broker non-votes will not affect the outcome of the vote on Proposal One.

Proposal Two (Ratification of the Appointment of our Independent Registered Public Accounting Firm): Our Second Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") provides that holders of a majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, may ratify any act submitted to the stockholders for ratification. Accordingly, the appointment of RSM as our independent registered public accounting firm for the fiscal year ending December 31, 2018 will be ratified if the number of "for" votes cast on Proposal Two exceeds the number of "against" and "abstain" votes. Abstentions will be included in the calculation of the number of shares represented and entitled to vote at the Annual Meeting and will therefore count as votes against the ratification of the appointment of RSM. Brokers will have discretionary authority to vote on Proposal Two.

Even if stockholders ratify the appointment of RSM, our Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's best interest and, thus, in our stockholders' best interest.

What is the Board's voting recommendation?

The Board recommends a vote FOR the election of each of the Class B director nominees named in this Proxy Statement (Proposal One) and FOR the ratification of the appointment of RSM as the Company's independent registered public accounting firm for fiscal 2018 (Proposal Two).

Are there any other matters to be presented at the Annual Meeting?

The Company does not know of any other matter to be raised at the Annual Meeting. If any other matters are properly presented at the Annual Meeting for consideration and you authorize a proxy to vote your shares, the persons named in the proxy will have the discretion to vote on those matters for you.

What happens if I sign and return a blank proxy card or voting instruction card?

If you are a stockholder of record and you properly mark, date, sign, and return a proxy card or use Internet voting procedures, as applicable, to authorize the named proxies to vote your shares, and your proxy card or other proxy authorization is received by the Company in time to be voted at the Annual Meeting, it will be voted as specified, unless it is properly revoked prior to the Annual Meeting.

If you are a stockholder of record and you date, sign and return a proxy card without giving specific voting instructions, your shares will be voted:

- "FOR" the election of the five Class B director nominees named in this Proxy Statement; and
- "FOR" the ratification of the appointment of RSM as our independent registered public accounting firm for fiscal 2018.

If you hold your shares in street name via a broker, bank, or other nominee and do not provide the broker, bank, or other nominee with voting instructions (including by dating, signing and returning a blank voting instruction card), your shares:

- Will be voted in accordance with the broker's discretion on "routine" matters, which includes only Proposal Two; and
- Will not be counted in connection with Proposal One.

INSPECTOR OF ELECTIONS AND STOCKHOLDER LIST

We have appointed an Inspector of Elections for our Annual Meeting who will tabulate all of the votes at our Annual Meeting. For a period of ten (10) days prior to the Annual Meeting, any stockholder may appear at our principal executive offices, located at the address listed above, to examine a list of our stockholders entitled to vote at our Annual Meeting.

ATTENDANCE

All stockholders as of the close of business on the Record Date, or their duly appointed proxy holders, may attend our Annual Meeting. Registration will begin at 12:30 p.m. Eastern Time and persons attending should allow ample time for check-in procedures. If you attend, please note that you must present valid photo identification, such as a driver's license or passport. If you are a *stockholder of record*, we will verify your name against the list of our stockholders as of the Record Date, prior to admittance to our Annual Meeting. If you are a *beneficial holder* and hold your shares in street name through a broker, bank or other holder of record, you will need to present a copy of a brokerage statement or a legal proxy from your broker, bank, or other holder of record, reflecting your stock ownership as of the Record Date before you can be admitted to our Annual Meeting.

If you are a stockholder of record, you may attend our Annual Meeting and vote in person, regardless of whether you have previously voted by proxy card or via the Internet. If you are a beneficial holder and if you obtain a legal proxy from your broker, bank or other holder of record and present it to the Inspector of Elections along with your ballot, you may vote in person at our Annual Meeting. We encourage you to vote your shares in advance of our Annual Meeting, even if you plan on attending. If you have already voted, you may nevertheless revoke your vote in the manner described above and vote in person at our Annual Meeting.

Copies of these documents may also be obtained free of charge by contacting Company.

In 2017, in connection with our acquisition of AmCo Holding Company ("AmCo"), the size of our Board of Directors was increased from seven to ten directors and Messrs. Peed, Hogan, and Maroney were appointed to the Board pursuant to the Stockholders Agreement, dated as of August 17, 2016, by and among the Company, RDX Holding LLC, R. For additional information regarding our acquisition of AmCo and the terms of the Stockholders Agreement, see the section entitled **Certain Relationships and Related Person Transactions**.

Our Board is currently comprised of ten directors, divided into two classes of even size. In accordance with our Certificate of Incorporation, each class of directors is elected for a two year term. The term of office for our Class B directors will expire at our Annual Meeting. The term of office for our Class A directors will expire at our 2019 annual meeting of stockholders.

PROPOSAL ONE – ELECTION OF DIRECTORS

PROPOSAL

Our Board has nominated as Class B directors for re-election at the Annual Meeting Alec L. Poitevint, II, Kern M. Davis, M.D., William H. Hood, III, and Sherrill W. Hudson, and has nominated for election Patrick F. Maroney, who was appointed to the Board in April 2017 pursuant to the Stockholders Agreement. Each director nominee elected as a Class B director at our Annual Meeting will serve a two-year term until his successor is elected and qualified at our 2020 annual meeting of stockholders.

Unless authority to vote for any of these nominees is withheld, the shares represented by the enclosed proxy will be voted "FOR" the election of each of Alec L. Poitevint, II, Kern M. Davis, M.D., William H. Hood, III, Sherrill W. Hudson, and Patrick F. Maroney as Class B directors. All of these nominees have agreed to serve if elected and have consented to being named in this Proxy Statement. In the event that any nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board may recommend in his place. We have no reason to believe that any nominee will be unable or unwilling to serve as a director.

Our By-Laws provide for a plurality voting standard for the election of directors, under which the director nominees receiving the greatest number of "for" votes are elected. Therefore, the five Class B director nominees receiving the most votes in favor of his election will be elected as Class B directors. Withheld votes and broker non-votes will not affect the outcome of the vote on the election of directors.

RECOMENDATION OF THE BOARD

Our Board unanimously recommends that you vote FOR the election of Alec L. Poitevint, II, Kern M. Davis, M.D., William H. Hood, III, Sherrill W. Hudson, and Patrick F. Maroney as Class B directors, each to serve a two-year term ending on the date of the 2020 annual meeting of stockholders and until his successor is duly elected and qualified. Each of the nominees is currently a director of the Company. DIRECTOR INDEPENDENCE

The following table shows the directors who are considered independent in accordance with Nasdaq Rule 5605(a)(2) as well as their formal committee assignments:

COMMITTEES

INDEPENDENT DIRECTORS	AUDIT	COMPENSATION AND BENEFITS	NOMINATING AND CORPORATE GOVERNANCE	FINANCE AND INVESTMENT
Branch				
Davis	✓		✓*

Poitevint		✓		✓*
Whittemore		✓*	✓	

*Committee Chair

R. Daniel Peed is not considered independent in accordance with Nasdaq Rule 5605(a)(2). As our Vice-Chairman is not independent, we have elected Alec L. Poitevint, II, as our independent Lead Director.

As described below, our Board has an Audit Committee, a Compensation and Benefits Committee, a Nominating and Corporate Governance Committee, and a Finance and Investment Committee. All of the members of all of these committees qualify as independent directors. In addition, all of the committee members qualify as independent directors under the independence standards specific to their committees.

BOARD LEADERSHIP STRUCTURE

Our Board has a non-executive Chairman and a non-executive Vice Chairman. The Chairman, Gregory C. Branch, sets the agendas for and presides over the Board meetings. The Vice Chairman, R. Daniel Peed, assists the Chairman in his duties and responsibilities and would serve as Chairman in the event of Mr. Branch's incapacity until the directors selected a new Chairman. The Chairman and Vice Chairman both communicate regularly with our CEO on matters of significance. The CEO, John L. Forney, is a member of the Board and participates in meetings.

Our Board also has a Lead Director, Alec L. Poitevint, who was appointed by the independent directors. The Lead Director provides additional leadership and organization in meetings of independent directors separately and apart from management and non-independent directors. In the event of Mr. Poitevint's incapacity, the chair of the Nominating and Corporate Governance Committee would serve as the Lead Director until the independent directors selected a new Lead Director.

The Board believes that this leadership structure is appropriate for our Company at this time because it allows for independent oversight of management, increases management accountability, and encourages an objective evaluation of management's performance.

BOARD'S ROLE IN RISK MANAGEMENT AND OVERSIGHT

The Board reviews and approves the Company's strategic plan as presented by management and monitors our performance throughout the year against the plan.

The Board regularly devotes time during its meetings to review and discuss the most significant risks we face and management's process for identifying, prioritizing and responding to those risks. During these discussions, our CEO and our Chief Financial Officer (CFO) present management's process for the assessment of risks, a description of the most significant risks we face and any mitigating factors, plans or policies in place to address those risks. The Board also delegates certain of its risk oversight responsibilities to its committees.

The Audit Committee bears responsibility for oversight of our policies with respect to risk assessment and risk management. The Audit Committee Members analyze major financial risk exposures which we face and the steps we have taken to monitor and control such exposures. The Audit Committee also oversees our compliance with legal and regulatory requirements, areas which generate many of the most significant risks we face.

The Compensation and Benefits Committee reviews our compensation structure, policies and practices to determine whether incentive compensation arrangements would be reasonably likely to have a material adverse effect on the Company.

The Compensation and Benefits Committee addresses risk exposures we face with respect to compensation, with appropriate reporting of these risks to be made to the full Board. The Compensation and Benefits Committee assesses the potential risks arising from our compensation policies and practices and considers safeguards against incentives to take excessive risks.

The Finance and Investment Committee bears responsibility for oversight of policy decisions about risk aggregation and minimization, including credit risk. The Finance Committee is also responsible for oversight of the capital structure and financing arrangements in support of our plans to ensure consistency with our risk tolerances and oversight of management's investment of our assets.

MEETINGS AND MEETING ATTENDANCE

Our Board held four meetings during 2017. Each of our directors attended at least 95% of all meetings of the Board and Board committees on which they served for the periods in which they served during 2017. All of our directors attended our 2017 annual meeting of stockholders. We do not have a formal policy with respect to director attendance at annual meetings of stockholders; however, we encourage all of our directors to attend such meetings.

COMMUNICATION WITH DIRECTORS

Stockholders may contact an individual director, our Board as a group, our independent directors as a group, or a specified Board committee by sending correspondence addressed to our Secretary to the address listed in the subsection entitled Contacting the Company or to InvestorRelations@upcinsurance.com. Each communication should specify the applicable addressee or addressees to which the communication is directed, as well as the general topic of the communication. We will initially receive and process communications before forwarding them to the addressee. We also may refer communications to other departments as applicable. We generally will not forward to our directors a communication that is primarily commercial in nature, relates to an improper or irrelevant topic, or is a request for general information.

SELECTION OF DIRECTOR NOMINEES

Our Board selects the director nominees to stand for election at our annual stockholder meetings and to fill vacancies occurring on our Board based on the recommendations of the Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee selects nominees for director on the basis of experience, integrity, skills, the ability to make independent analytical inquiries, an understanding of our business environment and the willingness to devote adequate time to Board duties, all within the context of an assessment of the perceived needs of the Board at a given point in time. In addition to the individual attributes of our directors discussed above, we highly value the collective business experience and qualifications of the directors. We believe that the collective experiences, viewpoints and perspectives of our directors result in a Board with the commitment and energy to advance the interests of our stockholders.

Our Nominating and Corporate Governance Committee may consider current members of our Board for re-election unless they have notified our Board that they do not wish to stand for re-election. Our Nominating and Corporate Governance Committee may also consider candidates for our Board recommended by current members of our Board or members of management. In addition, our Nominating and Corporate Governance Committee will consider director candidates recommended by our stockholders in the same manner as it would consider any other recommended nominees. If our Nominating and Corporate Governance Committee determines that a stockholder-recommended candidate is suitable for Board membership, it will include the candidate in the pool of candidates under consideration for nomination upon the occurrence of the next Board vacancy or in connection with the next annual meeting of our stockholders.

Pursuant to the above procedures, once our Nominating and Corporate Governance Committee identifies prospective nominees, it will solicit background information on the candidates, then interview and evaluate the candidates. The Nominating and Corporate Governance Committee will then report its recommendations to the Board.

Our Nominating and Corporate Governance Committee recommended the five incumbent director nominees for election at our Annual Meeting, and our Board approved the recommendation.

PROPOSAL TWO – RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has approved the engagement of RSM as the independent registered public accounting firm to perform an audit of our consolidated financial statements for the fiscal year ending December 31, 2018. RSM has served as our auditor since 2009. RSM has advised our Audit Committee that neither it, nor any of its members, has any direct financial interest in UPC Insurance as a promoter, underwriter, voting trustee, director, officer or employee. Though we do not expect a representative of RSM to attend our Annual Meeting, if an RSM representative does attend, the representative will respond to appropriate questions and will have the opportunity to make a statement if the representative desires to do so.

The Board is asking our stockholders to ratify our Audit Committee's appointment of RSM as our independent registered public accounting firm for the 2018 fiscal year. The appointment of RSM as our independent registered public accounting firm for the fiscal year ending December 31, 2018 will be ratified if the number of "for" votes cast on Proposal Two exceeds the number of "against" and "abstain" votes. Abstentions will be included in the calculation of the number of shares represented and entitled to vote at the Annual Meeting and will therefore count as votes against the ratification of the appointment of RSM. Brokers will have discretionary authority to vote on Proposal Two.

Although none of our Certificate of Incorporation, our By-Laws, or any other document or agreement requires ratification, the Board submits the appointment of RSM to our stockholders for ratification because we value our stockholders' views on the appointment of our independent registered public accounting firm. If our stockholders do not ratify the appointment of RSM, we will consider such result as a direction from the stockholders to our Audit Committee to consider the appointment of a different firm and our Audit Committee will reconsider whether to retain RSM. In such event, our Audit Committee may retain RSM notwithstanding the fact that the stockholders did not ratify the appointment, or may appoint another accounting firm without re-submitting the matter to a stockholder vote. Even if stockholders ratify the appointment, our Audit Committee in its discretion may appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the Company's best interest and, thus, in our stockholders' best interest.

RECOMMENDATION OF THE BOARD

The Board and the Audit Committee recommend a vote FOR the ratification of the appointment of RSM as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

AUDIT COMMITTEE REPORT

As part of its oversight responsibility, the Audit Committee reviewed and discussed the audited financial statements, the adequacy of financial controls and the effectiveness of UPC Insurance's internal control over financial reporting with management and RSM. The Audit Committee also has discussed with RSM the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. The Audit Committee has received the written disclosures and the letter from RSM required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The Audit Committee also has discussed with RSM that firm's independence.

Based on these reviews and discussions, the Audit Committee has recommended to the Board, and the Board has approved, the inclusion of the audited financial statements in UPC Insurance's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the SEC.

Sherrill W. Hudson, Chairman
Patrick F. Maroney
Kern M. Davis, M.D.

AUDIT COMMITTEE'S PRE-APPROVAL POLICIES AND PROCEDURES

Our Audit Committee requires that management obtain the prior approval of the Audit Committee for all audit and permissible non-audit services that our independent registered public accounting firm will provide. At regular meetings or as needed during the year, the Audit Committee reviews and approves proposals for such services, including the

estimated fees the independent registered public accounting firm will charge. The Audit Committee Chairman may approve permissible non-audit services in an amount up to \$10,000, and notifies the full Audit Committee of such approvals at its next scheduled meeting.

2017 COMPANY PERFORMANCE HIGHLIGHTS

FINANCIAL HIGHLIGHTS. We increased total revenues as a result of our merger with AmCo on April 3, 2017, and generated strong organic growth in new and renewal business generated in our Gulf and Northeast regions. Net income increased compared to the prior year primarily due to an increase in gross premiums earned and improvement in our underlying loss ratio, as well as the favorable impact of the Tax Cuts and Jobs Act of 2017. Retained catastrophe losses of \$116,424,000 during 2017 included losses from Hurricane Harvey, which made landfall as a category 4 storm in Texas, and Hurricane Irma, which was also a category 4 storm making landfall in Florida. Our catastrophe excess of loss reinsurance limits retained losses to \$91,000,000 in total for these two events, which was further reduced to \$83,000,000 by our quota share reinsurance. Additional retained catastrophe losses were related to Tropical Storms Cindy, Emily, and Philippe, Hurricane Nate, as well as various wind related catastrophes that occurred throughout the year.

Role of the Compensation and Benefits Committee and Management in the Compensation-Setting Process. Our Compensation and Benefits Committee's role in reviewing and approving executive compensation includes the duties and responsibilities set forth in the Compensation and Benefits Committee's charter as described under the section entitled Board Committees above.

Our CEO recommends base salaries for our executive officers other than himself to the Compensation and Benefits Committee for its approval and recommends performance targets under the Annual Incentive Plan and Long-Term Incentive Plan for approval by the Compensation and Benefits Committee, as explained in more detail under the section titled Incentive Compensation below. Our CEO also negotiates employment agreements with executive officers, subject to approval by the Compensation and Benefits Committee, and makes recommendations to the Compensation and Benefits Committee with respect to equity awards and cash bonuses for our NEOs other than himself under our Annual Incentive Plan and Long-Term Incentive Plan. All compensation elements for our CEO are reviewed and approved by the Compensation and Benefits Committee.

The Chairs of the Audit and Finance and Investment Committees serve on the Compensation and Benefits Committee. These directors bring information and perspective from the work of other committees to provide insight on the Compensation and Benefits Committee's decisions. We believe this enhances the Compensation and Benefits Committee's execution of its role, including its role in risk management oversight.

Summary of 2017 Compensation Actions. In 2017, our Compensation and Benefits Committee continued its focus on structuring our compensation arrangements in keeping with our compensation philosophy, which is described below under Overview of our Executive Compensation Philosophy and Objectives. Actions taken or approved by our Compensation and Benefits Committee relative to the compensation programs for our executive officers for 2017 included the following:

- Reviewed the performance of our CEO and determined his total compensation. This included decisions regarding salary changes as seen in the Elements of Executive Compensation subsection and incentive-based awards as described in the Executive Compensation subsection.
- Reviewed the performance of our other executive officers, including our NEOs, with assistance from our CEO and determined the structure and amount of base salary and bonus compensation for our executive officers for 2017 as seen in the Elements of Executive Compensation and Executive Compensation subsections, respectively.
- Established performance goals and target awards under our annual incentive plan and long-term incentive plan.

Overview of our Executive Compensation Philosophy and Objectives. We believe that a skilled, experienced and dedicated senior management team is essential to the future performance of our company and to building stockholder value. In order to attract and retain talented executives with these qualities as well as to motivate management to maximize performance while building stockholder value, we have sought to establish compensation programs that we believe are competitive in the marketplace. We also have a "pay-for-performance" philosophy,

meaning that we will pay higher compensation to our NEOs if we believe the performance of the Company delivers higher value to the stockholders.

Three long-term objectives drive the Compensation and Benefits Committee's decisions regarding the executive compensation elements, incentive plan design, and award levels. These objectives are as follows:

Build long-term stockholder value - We provide a significant portion of executive compensation through long-term incentive compensation and stock-based opportunities to emphasize compensation programs that we believe are linked to maximizing stockholder value over the long term;

Drive sustained, strong business and financial results - We provide a significant portion of executive compensation through incentive compensation programs that are linked to our Company achieving targeted increases in earnings per share, return on equity and gross premiums earned; and

Attract, motivate, and retain a highly qualified and effective executive team - The attraction, motivation, and retention of top executive talent is critical to our continued success. Therefore, the Compensation Committee considers broad-based surveys that reveal executive compensation levels in the industry to gain a general understanding of compensation practices.

Elements of Executive Compensation. The key components of our compensation program for our NEOs for 2017 were base salary, annual cash incentive awards under our Annual Incentive Plan, time-vesting restricted stock awards under our Long-Term Incentive Plan, discretionary cash bonuses, restricted stock awards, and other compensation consisting primarily of matching 401(k) contributions and health and welfare benefits. Each component of our compensation program has an important role in creating compensation arrangements that motivate and reward strong performance and in retaining the NEOs who deliver strong performance.

BASE SALARY. In general, the base salary of each executive is initially established through arm's-length negotiations at the time the individual is hired, taking into account the individual's qualifications, experience, level of responsibility, as well as internal pay equity considerations. The salaries of our NEOs are set forth in their individual employment agreements. These agreements permit base salary to be increased on an annual basis at the discretion of the Compensation and Benefits Committee during the term of employment, but may not be decreased.

In 2017, our CEO conducted a review of the base salaries of our NEOs (other than himself) for potential increases and recommended changes to the Compensation and Benefits Committee for its final determination. The Compensation and Benefits Committee also reviewed the base salaries of our executive officers in light of broad-based survey data that reveal executive compensation levels in the industry to gain a general understanding of compensation practices. We believe base salaries should be competitive based upon an executive officer's scope of responsibilities, the market compensation of similarly situated executives, and the relative talent of the individual officer. When establishing base salary for an executive, we also consider other factors such as internal consistency, and for new hires, salary paid by a former employer. Based on the foregoing considerations, in 2018 the Compensation and Benefits Committee approved the salaries below for each of the NEOs. Our NEOs' base salaries for 2017 and 2018 were as follows:

Named Executive Officer	2017	2018
	Base Salary	Base Salary
John Forney	\$ 1,000,000	\$ 1,000,000
B. Bradford Martz	325,000	400,000
Deepak Menon	325,000	350,000
Paul DiFrancesco	250,000	300,000
Andrew D. Swenson	225,000	250,000

INCENTIVE COMPENSATION. The award of incentive compensation for our NEOs under our Annual Incentive Plan and Long-Term Incentive Plan is based on achieving certain annual corporate performance goals included in our 2013 Omnibus Incentive Plan. As to each performance goal, the relevant measurement of performance will be computed in accordance with generally accepted accounting principles to the extent applicable, but unless otherwise determined by the Compensation and Benefits Committee, will exclude the effect of items set forth in the 2013 Omnibus Incentive Plan.

Annual Incentive Plan - Our NEOs as well as certain other management employees participate in the Annual Incentive Plan, which provides participants an opportunity to earn a cash bonus upon achievement of key financial performance objectives approved by the Compensation and Benefits Committee. Within the overall context of our compensation philosophy and culture, the Annual Incentive Plan:

- provides competitive levels of total cash compensation;
- aligns pay with organization and individual performance; and
- focuses executive attention on key business metrics.

In setting the performance goals under the Annual Incentive Plan, our intention is to provide for challenging and ambitious targets to further our overall goal of increasing stockholder value. Though challenging, we believe the goals are attainable through a collaborative effort by our NEOs. The Compensation and Benefits Committee reviews and approves payouts made under the Annual Incentive Plan.

Long-Term Incentive Plan - The Compensation and Benefits Committee implemented our Long-Term Incentive Plan because it believes that long-term incentives are an essential part of our total compensation package, which is intended to promote ownership, higher performance and ultimately higher stockholder return. Additionally, the Compensation Committee intended for the Long-Term Incentive Plan to further the following four key objectives that fit within the overall context of our compensation philosophy and culture:

- *Pay for Performance:* Emphasize variable compensation that is linked to our performance, in an effort to generate and reward superior corporate performance;
- *Alignment of Interests:* Use adjusted pre-tax net income as the key performance metric, linking executives' incentive goals with the interests of our stockholders;
- *Long-Term Success:* Support and reward executives for consistent performance over time and achievement of our long-term strategic goals; and
- *Retention:* Attract and retain highly qualified executives whose abilities are critical to our success and competitive advantage.

Under our long-term incentive program, we may make annual grants of time-vesting restricted stock to our executive officers if predetermined corporate performance targets are achieved. Generally, if the performance targets are hit in year one, time-based restricted stock is granted in year two. Restricted stock awards for our NEOs vest ratably over the three years following the grant date, contingent on continued employment, unless the executive is terminated by us other than for cause. The number of shares of time-vesting restricted stock to be granted is based on the target dollar value of the award divided by the closing price of our stock on the date of grant.

OTHER COMPENSATION. We adopted a 401(k) plan that generally covers all of our employees who have completed 90 days of service. Pursuant to our 401(k) plan, participants may elect to make pre-tax contributions up to the statutorily prescribed annual limits. In addition to their base salaries and awards under incentive plans described above, our NEOs receive matching contributions under our 401(k) plan in the same manner as all of our employees who participate in the plan. During 2017, we matched 100% of each participant's pre-tax contributions up to the first 5% of such participant's base salary up to the maximum allowed by the plan.

Our executive officers receive health and welfare benefits, such as group medical, group life, group dental, and short-term and long-term disability coverage. We believe that our executives should be able to provide for their retirement needs from the total annual compensation they earn based on our Company's performance. Accordingly, other than employer matching contributions to the accounts of our NEOs under our 401(k) Plan (at the same matching contribution rate that we provide to all eligible full-time employees), we do not offer executives participation in any qualified or non-qualified pension plans, supplemental executive retirement plans, deferred compensation plans or other forms of compensation for retirement.

Other Highlights of Our Compensation Programs. We periodically review best practices in the area of executive compensation and update our compensation policies and practices to reflect those that we believe are appropriate for

our company. In addition to the short- and long-term performance compensation described in the Elements of Executive Compensation section above, our program also includes the following:

- We pay for performance, offering our NEOs the opportunity to earn a substantial amount of variable compensation based on our Company achieving certain performance targets.
- We encourage long-term decision making, as our restricted stock awards vest over a three-year time period, and the ultimate value of the shares is determined by our performance over the three years.
- We do not provide heightened change of control severance benefits for any NEOs under their employment agreements.
- Our equity compensation plan does not permit repricing of stock options without stockholder approval.
- We do not generally guarantee salary increases or bonuses for our executive officers.

Severance and Change of Control Arrangements. We have entered into employment agreements with each of our NEOs, which provide for severance benefits if we terminate the NEO without cause. These severance benefits consist of base salary continuation, paid COBRA coverage for a period of time specified in the employment agreements, a prorated portion of the executive's annual incentive bonus, and in the case of our CEO, accelerated vesting of a portion of his then unvested restricted stock granted under his employment agreement. Our CEO is also eligible for the foregoing severance benefits if he terminates his employment for "good reason" as defined in his employment agreement. Additionally, under the terms of restricted stock awards granted to our NEOs pursuant to our Long-Term Incentive Plan, accelerated vesting of any unvested restricted stock would occur if we terminate the executive other than for cause. Please refer to the discussion below under Potential Payments upon Termination or Change of Control for a more detailed discussion of our severance and change of control arrangements.

We offer severance benefits because we compete for executive talent in a highly competitive market in which companies routinely offer similar benefits to NEOs.

2017 Compensation under Annual and Long-Term Incentive Plans. For incentive compensation to be paid under our Annual Incentive Plan and Long-Term Incentive Plan, the Compensation and Benefits Committee identified the following performance measure that would be used to measure corporate performance for 2017: actual pre-tax income equal to 50% of 2017 pre-tax budgeted income of \$106,598,000. The Compensation and Benefits Committee selected this performance measure because it is among the key performance metrics used by our Board to evaluate our corporate performance. While this performance measure was evaluated by our Compensation and Benefits Committee in determining eligibility for the target payments under the incentive compensation program, the Compensation and Benefits Committee retained discretion to pay any amount less than the target on the basis of the Compensation and Benefits Committee's assessment of the level of achievement as measured by the performance goals, the CEO's recommendations for other executive officers, and such other performance or other considerations as the Compensation and Benefits Committee deems relevant.

In 2017, the annual cash incentive awards available under the Annual Incentive Plan made up 100% of the total incentive award opportunity for our NEOs as there were no time-vesting restricted stock awarded. In February 2018, the Compensation and Benefits Committee determined that the level of performance required for payment of the incentive compensation at the previously identified target levels had been satisfied. For fiscal year 2017, our actual pre-tax income, after all adjustments set forth by the Plan was \$80,734,000, which calculation includes adjustments allowed under paragraph 18(s)(i)-(xiii) of the 2013 Omnibus Incentive Plan, mainly attributable to non-recurring catastrophe losses. Taking into consideration these outcomes, the Compensation and Benefits Committee approved payment of the annual cash bonus amounts to our NEOs for 2017 reflected in the Summary Compensation Table under the column titled Non-Equity Incentive Plan Compensation.

Advisory Votes on Compensation. The Board recognizes the fundamental interest that our stockholders have in the compensation of our executive officers. At the 2013 Annual Meeting of Stockholders, our stockholders had the opportunity to cast an advisory vote (a "say-on-frequency proposal") on how often we should include a say-on-pay proposal in our proxy statement. Based on our stockholders' vote on the say-on-frequency proposal, the Board determined that we will hold stockholder say-on-pay advisory votes on executive compensation once every three years, with the next say-on-pay advisory vote to be held at the 2019 annual meeting of stockholders. The next say-on-frequency advisory vote will be held at the 2019 annual meeting of stockholders as well.

Tax Considerations. The Compensation and Benefits Committee has considered the impact of Section 162(m) of the Code with respect to the compensation paid to our NEOs. As relevant to 2017 compensation, Section 162(m) places a limit of \$1 million on the amount of compensation that a publicly held corporation may deduct in any one year with respect to its CEO, and each of the next three most highly compensated executive officers other than the CFO. Historically, certain performance-based compensation was not subject to this deduction limit. With the passage of the Tax Cuts and Jobs Act of 2017, the performance-based compensation exemption to Section 162(m) has been repealed except for with respect to certain grandfathered arrangements. The Compensation and Benefits Committee had historically maintained a policy that, where reasonably practicable, sought to qualify the variable compensation paid to our NEOs for exemption from the deductibility limits of Section 162(m). However, the Compensation and Benefits Committee authorized compensation payments that did not comply with the exemptions in Section 162(m) when the Compensation and Benefits Committee believed that such payments were appropriate to attract and retain executive talent.

Compensation and Benefits Committee Report. Our Compensation and Benefits Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, our Compensation and Benefits Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

2017 GRANTS OF PLAN BASED AWARDS TABLE

The following table contains information concerning the plan-based equity and non-equity awards that were granted to our NEOs in 2017. The amounts shown in the columns under the heading "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" represent potential future payments at the time of the grant only. At the time of the grant, whether these amounts (or any portion thereof) would ultimately be received by the NEOs was uncertain because the awards were contingent on the achievement of performance goals and the NEOs' continued employment. The awards in the columns under the heading "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" were granted under our annual cash incentive program for 2017, as indicated, and payment was contingent on our achievement of a given level of corporate performance, as described above in the section titled Compensation of Executive Officers - Compensation Discussion and Analysis - Elements of Executive Compensation. The amounts, if any, actually earned and paid to our NEOs for 2017 under our Annual Incentive Plan are shown in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table above.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The information below describes certain compensation and benefits to which our NEOs are entitled in the event their employment is terminated under certain circumstances and/or change of control occurs. See the table at the end of this section for the amount of compensation and benefits that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change of control had occurred on December 31, 2017, assuming a market value of our common stock on that date of \$17.25 per share, which was the closing sale price of a share of our common stock on such date, given the NEOs' compensation and service levels as of such date. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

TERMINATION WITHOUT CAUSE OR RESIGNATION FOR GOOD REASON

As described above, we are a party to employment agreements with each of our NEOs, all of which were entered into prior to December 31, 2017. Under each employment agreement, "cause" means (i) any action or omission of the executive which constitutes a material breach of the employment agreement, (ii) willful (only if done or omitted to be done without a good faith reasonable belief that such act or failure to act was in the best interests of the Company) failure to perform the duties assigned to the executive by the Board (or the CEO or the Board, with respect to NEOs other than Mr. Forney); (iii) fraud, breach of fiduciary duty, embezzlement or misappropriation as against the Company, or (iv) the conviction (from which no appeal can be taken) of the executive for any criminal act which is a felony.

Under Mr. Forney's employment agreement, we are required to provide Mr. Forney with 30 days' prior notice to terminate his employment without cause. Upon such a termination, Mr. Forney would be entitled to:

- payment of all accrued payments in full within the next normal payroll period following termination;
- a severance payment equal to (i) three times the highest annual base salary received by Mr. Forney in any of the five years preceding his termination and (ii) an amount equal to three times the highest annual bonus received by Mr. Forney in any of the five years preceding his termination;
- a stock award equal to three times the highest value of restricted stock (or other equity-based award) awarded to Mr. Forney in any one of the five years preceding his termination;
- any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the employment termination date;
- the annual incentive bonus for the fiscal year in which employment termination occurs to which Executive would have been entitled if employed at the conclusion of the fiscal year, paid based on actual performance achieved for the fiscal year; and
- generally, continued participation (through COBRA or otherwise), on substantially the same terms and conditions as in effect for Mr. Forney (including any required contribution) immediately prior to termination of employment, in our medical, dental, disability and life insurance programs for (i) 24

months after termination, if termination occurs within the initial five-year term of employment or (ii) until the end of the current employment term year in which termination occurs, if termination occurs beyond the initial five-year term of employment and we fail to provide Mr. Forney with 90 days' notice of termination.

In addition to the severance above, remaining equity stock awards, if any, for the year of separation would automatically and immediately vest in full. Any equity stock award for any years prior to the year of separation would remain unchanged and would be governed by the plan documents.

Mr. Forney would receive these same benefits if he were to terminate employment for good reason. "Good reason" means, without Mr. Forney's written consent: (a) a reduction by the Company in Mr. Forney's base salary; (b) the Board materially reduces (including as a result of any co-sharing of responsibilities arrangement), other than during any period of illness or incapacity, of Mr. Forney's authority, responsibilities, or duties such that Mr. Forney no longer has the title of, or serves or functions as, CEO of the Company (or, if following a change in control, the Company is not publicly traded, and Mr. Forney is no longer CEO of a publicly traded successor or parent of the Company); (c) the Company removes Mr. Forney from his position as a director of the Company; (d) the Company requires Mr. Forney to be permanently based at a location in excess of 35 miles from the location of the Company's principal executive office as of the effective date of Mr. Forney's employment agreement; (e) the Company fails to obtain the written assumption of its obligations under Mr. Forney's employment agreement by a successor, at a time not later than the consummation of a merger, consolidation or sale of the Company; or (f) a material breach by the Company of its obligations under Mr. Forney's employment agreement.

If Mr. Forney terminates employment by providing us, with at least 90 days' written notice of his decision not to extend his employment term, Mr. Forney would be entitled to receive payment of any unpaid base salary accrued through the effective date of termination, as well as any expense reimbursement. He would be owed any benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to Mr. Forney. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination.

Under the employment agreements for the NEOs other than Mr. Forney, employment continues for automatic one-year renewal terms unless either the Company or the NEO provides 30 days' written notice of intent to non-renew. If any NEO's employment is terminated without cause (as defined above), termination would take effect immediately and each executive would be entitled to severance in the form of base salary continuation for the remainder of the then-effective term or 180 days, whichever is greater. All NEOs other than Mr. Forney would also be owed any benefits under any expense reimbursement and any benefit plans (in accordance with the terms of such plans) and would be entitled to up to 120 days of COBRA continuation coverage, until the NEO became eligible for comparable benefits with a subsequent employer. Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to the NEO. If termination occurs prior to the end of any fiscal year, a pro rata annual incentive bonus for the fiscal year in which termination occurs (determined and paid based on actual performance achieved for that fiscal year against the performance goals for that fiscal year) to which the NEO would have been entitled if employed at the conclusion of the fiscal year would be paid in full within 90 days following completion of the fiscal year. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination. Our NEOs other than Mr. Forney do not have "good reason" provisions in their employment agreements.

TERMINATION FOR CAUSE

If any NEO's employment is terminated for cause (as defined above), he would be entitled to receive payment of any unpaid base salary accrued through the effective date of termination, as well as any expense reimbursement. He would be owed any benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date would also be paid to the NEO. Any such payments must be made on or before March 15th of the year following the NEO's termination for cause.

TERMINATION DUE TO DEATH OR DISABILITY

If any NEO's employment is terminated due to death or disability, he (or his estate or legal representatives (as applicable)) would be entitled to receive payment of base salary as of the date of termination of employment, reimbursement for expenses incurred, any benefits under any benefit plans (in accordance with the terms of such plans), any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date, and if termination occurs prior to the end of any fiscal year, a pro rata annual incentive bonus for the fiscal year in which termination occurs (determined and paid based on actual performance achieved for that fiscal year against the performance goals for that fiscal year) to which the NEO would have been entitled if employed at the conclusion of the fiscal year. In addition, in the case of termination of employment due to the NEO's death, we would continue to provide all benefits applicable to the NEO's family for six months. Any such payments would be made on or before March 15th of the year following death or disability. Any remaining restricted stock awarded based on the achievement of performance goals for the year of separation would vest in full, automatically and immediately, upon termination.

OTHER RESIGNATION

Upon a voluntary resignation, each NEO other than Mr. Forney would be entitled to receive base salary continuation through the later of (i) the last day of the then-effective employment term and (ii) 180 days after termination. All of our NEOs would be owed any earned benefits under any benefit plans (in accordance with the terms of such plans). Any annual incentive bonuses earned but not yet paid for any completed full fiscal year immediately preceding the termination date, would also be paid to the NEO. For all NEOs, any remaining restricted stock awarded would be forfeited upon resignation.

The table below sets forth the estimated value of the potential payments to each of the NEOs, assuming the employment of each executive was terminated on December 31, 2017. The figures in the table below are based on the employment agreements in effect on December 31, 2017.

(1) Mr. Forney would receive the same payments in the event of his resignation for good reason as the payments he would receive in the event of his termination without cause.

(2) Based on a market value as of December 29, 2017, the last trading day of 2017, of \$17.25 per share, which was the closing sale price of a share of our common stock on such date.

CEO PAY RATIO

Our CEO to median employee pay ratio is calculated in accordance with Item 402(u) of Regulation S-K. We identified the median employee by examining the annual total compensation for all of our associates, excluding our CEO, who were employed by us on December 31, 2017. We included all associates, whether employed on a full-time, part-time or seasonal basis. We annualized the compensation for any full-time employees who were employed by us on December 31 but were not employed by us for all of 2017. To determine the median employee, we considered the total annual compensation for each of our associates as W-2 Wages.

After identifying the median employee based on the process described above, we calculated annual total compensation for the median employee using the same methodology we use for our NEOs as set forth in the 2017 Summary Compensation Table earlier in this Proxy Statement. The total annual compensation calculated for our CEO was \$2,347,232 and for our median employee was \$81,663. The resulting ratio for our CEO's pay compared with the pay of our median employee for 2017 is 28.7 to 1.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, our officers and persons who beneficially own more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership and reports of changes in beneficial ownership of such equity securities.

Based solely on our review of such filings and the written representations we received from our directors and officers, we believe that, during the fiscal year ended December 31, 2017, all Section 16(a) reports required to be filed by our directors, officers and greater than 10% beneficial owners were timely filed except a Form 4 filing reporting one transaction by Mr. St. John and a Form 4 reporting two transactions by Mr. Hood, which were late as the result of an inadvertent administrative error.

POLICIES AND PROCEDURES REGARDING RELATED PERSON TRANSACTIONS

Our Board has adopted written policies and procedures, regarding related person transactions. For purposes of these policies and procedures:

- a "related person" means (i) any director, nominee for director or executive officer; (ii) any beneficial owner (other than a financial or investment institution) of more than 5% of the Company's voting securities; (iii) an immediate family member of a director, executive officer, nominee for director or beneficial owner of more than 5% of the Company's voting securities; (iv) an entity which is owned or controlled by someone who falls within the categories listed in (i), (ii) or (iii) above; and (v) an entity in which someone listed above in (i), (ii) or (iii) has a substantial ownership interest or control; and
- a "related person transaction" means a transaction in which we were or are to be a participant and in which any related person had or will have a direct or indirect material interest.

The related person, or the director, executive officer or nominee who is an immediate family member of a related person, must notify our General Counsel of the related person transaction. Certain transactions will generally be deemed pre-approved under these written policies and procedures, including transactions in the ordinary course of business that do not exceed \$120,000 in any fiscal year and executive officer and director compensation arrangements approved by our Compensation and Benefits Committee. Except for certain enumerated pre-approved transactions, our SEC counsel (or the Company's CFO, where our General Counsel has an interest in the related person transaction) shall notify our Audit Committee of any proposed related person transactions reported to him or her. The Audit Committee will consider all of the material facts and circumstances available regarding the related person transaction and will ratify, approve or disapprove the related person transaction based on factors it deems appropriate, including, among other factors, the benefits to our Company, the commercial reasonableness of the terms of the related person transaction, and its impact on director independence.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Since January 1, 2017, we have not been a participant in any related person transaction within the meaning of Item 404(a) of Regulation S-K, other than as follows.

One of our executive officers, Ms. Salmon, is a former partner at the law firm of Groelle & Salmon, P.A., where her spouse remains partner and co-owner. Groelle & Salmon, P.A. provides legal representation to us related to our claims litigation, and also provided representation to us for several years prior to Ms. Salmon joining UPC Insurance in 2014. During the fiscal year ended December 31, 2017, Groelle & Salmon, P.A. billed us approximately \$3,188,000. Ms. Salmon's spouse has a 50% interest in these billings, or approximately \$1,594,000 for the fiscal year ended December 31, 2017.

AmRisc, LLC (AmRisc), a managing general agent, handles the underwriting, claims processing, premium collection and reinsurance review for AmCo. R. Daniel Peed, Vice Chairman of our Board of Directors, beneficially owns approximately 7.7% of AmRisc and is also the Chief Executive Officer of AmRisc.

In accordance with the managing general agent underwriting contract with AmRisc, we recorded \$220,150,000 of gross written premiums for the year ended December 31, 2017, resulting in fees and commission (including a profit commission) of \$60,016,000 due to AmRisc. Receivables are stated net of the fees and commission due under the contract.

In addition to the direct premiums written, we recorded \$3,564,000 in ceded premiums to AmRisc as a reinsurance intermediary for the year ended December 31, 2017. We also incurred \$25,000 during that period for rent under a sublease agreement with AmRisc.

Net premiums receivable (net of commissions) of \$29,913,000 were due from AmRisc as of December 31, 2017. These premiums were paid by AmRisc to our premium trust account by wire transfer within 15 days of collection pursuant to the underwriting contract with AmRisc.

On April 3, 2017, we acquired AmCo through a series of mergers by which the Company issued 20,956,355 shares of our common stock as merger consideration to RDX Holding, LLC, the parent company of AmCo. As a result of the mergers, AmCo became a wholly owned subsidiary of the Company. Each of Michael R. Hogan, R. Daniel Peed, Leah Anneberg Peed, and Peed FLP1, Ltd., L.L.P., a partnership that is wholly owned by Mr. Peed, owned an equity interest

in RDX Holding, LLC and, therefore, received shares of our common stock as merger consideration. The approximate dollar value of the mergers was \$285,467,139 and the approximate dollar value of merger consideration received by Mr. Hogan and Mr. Peed was \$625,317 and \$237,556,318, respectively.

In connection with the mergers, we entered into the Stockholders Agreement, which governs Mr. Peed's ownership of securities of, and investment in, the Company. Notable terms and conditions of the Stockholders Agreement include:

- the right of Mr. Peed to designate for nomination up to three individuals (subject to adjustment in the event of a change to the size of our Board) to be members of our Board, until the time that Mr. Peed, his affiliates and permitted transferees no longer own (beneficially or of record) voting securities representing 15% of the issued and outstanding voting securities;
- a provision limiting, subject to certain exceptions, the number of voting securities of the Company voted by Mr. Peed at his discretion to no more than 25% of the total outstanding voting securities until the earlier of the five year anniversary of the closing and the date that Mr. Peed beneficially owns less than 25% of our total outstanding voting securities. Until such time, any shares held by Mr. Peed in excess of 25% of the voting securities of the Company must be voted in proportion with the votes cast by our stockholders other than Mr. Peed and his affiliates;
- restrictions on Mr. Peed's ability to transfer, without our Board's prior written consent and subject to certain exceptions, greater than 25% of his voting securities in the Company until the third anniversary of the closing; and
- customary "standstill" provisions that prohibit Mr. Peed and his affiliates from taking certain actions, including (subject to certain exceptions) acquiring additional securities, participating in efforts to acquire the Company or any of its subsidiaries, and seeking to elect or remove members of our Board. Mr. Peed is also subject to a non-competition provision expiring five years following the closing.

DEADLINE FOR THE SUBMISSION OF STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR THE 2019 ANNUAL MEETING OF STOCKHOLDERS

If stockholders wish to include a proposal in our proxy statement and form of proxy relating to our 2019 annual meeting, we must receive a written copy of the proposal no later than December 7, 2018. Proposals must comply with the SEC proxy rules relating to stockholder proposals in order to be included in our proxy materials. All proposals should be submitted as described in the subsection entitled Contacting the Company.

Stockholders may present a proposal or director nomination at our 2019 annual meeting without including it in our proxy statement and form of proxy. The proxy solicited by our Board for the 2019 annual meeting will confer discretionary authority on the persons named in such proxy to vote on any stockholder proposal or director nominee presented at that meeting that was submitted to us after February 20, 2019. We encourage stockholders wishing to present such a proposal or nomination to contact us as described in the subsection entitled Contacting the Company.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

The SEC has adopted rules that permit companies and intermediaries, such as brokers and banks, to satisfy delivery requirements for our proxy statement and annual report with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, known as "householding," reduces costs associated with duplicate printings and mailings and means that we and some brokers will send only one copy of our annual report and proxy statement to stockholders who share the same address. Stockholders sharing the same address will continue to receive separate proxy cards.

If you own shares of our common stock in your own name and you want to receive separate copies of the annual report and proxy statement in the future, or if you receive multiple copies and want to receive only one copy, contact American Stock Transfer & Trust Company, LLC at (800) 937-5449 or 3201 15th Avenue, Brooklyn, NY 11219. If you hold shares of our common stock in street name and you want to receive separate copies of the annual report and proxy statement in the future, or if you receive multiple copies and want to receive only one copy, contact your broker, bank, or other holder of record.
